

# Purchaser

## for fastmoving Swiss high-tech company

Position: Purchaser  
Employment: Long term contract – 100 %  
Company: Bcomp Ltd., Fribourg, Switzerland  
Period: May 2022

### About us

Bcomp Ltd. is a young and dynamic Swiss cleantech company and ESG-enabler specialized in the development, marketing, and sales of natural fibre composite solutions for high performance applications. With a background in the sports industry, we are now focusing on entering the motorsports and mobility markets. We develop sustainable lightweighting solutions based on natural fibres in close collaboration with our customers, in a fast-paced and entrepreneurial working environment.

### Position overview

Bcomp is looking for a purchaser to strengthen its Operations team and further boost its market entry into the large-scale mobility market.

The new team member will be in charge of purchasing for the flax yarn category linked to the ampliTex™ and powerRibs™ production. The person will be the main point of contact for our external partners of the flax yarn industry. We offer a varied purchasing position with strategic responsibilities in an environment based on trust and strong human values.

### Main responsibilities

- Define, implement and live the category strategy
- Drive supplier performance and development to support our entry into the large-scale mobility market
- Manage product portfolio to secure the sourcing and optimize the long-term profitability
- Lead or support the new product development projects from sourcing to commercialisation in close collaboration with our project team, and suppliers.
- Manage and review the supplier homologation to ensure the agility of the supply chain
- Manage supplier base and implement continuous improvement projects including redesign to cost and functional approach
- Participate actively in the ERP optimisation and IATF processes

## Qualifications and personal qualities

- Master's degree in purchasing management (academic and/or professional experience).
- 3-5 years of experience in purchasing, in an industrial environment
- Experience in automotive industry is a plus
- Autonomous and proven capabilities in problem solving
- Strong analytical skills and affinity for numbers
- Structured and organized way of working with an ability to handle many projects in parallel
- Strong negotiation skills
- High resistance to stress
- Strong verbal and written communication skills
- Fluent in English is a must, French or German is a great advantage, any other language is a plus
- Knowledge of SAP ERP system is a great plus
- Readiness to travel in Europe to meet the different partners
- Willingness to meet challenges with a proactive, positive, and energetic mindset – everything is possible!
