

Sustainability Intern

for fastmoving Swiss high-tech company

Position: R&D Intern
Employment: 100%-80%
Company: Bcomp Ltd., Fribourg, Switzerland
Starting date: March 2024
Duration : 6 months

POSITION OVERVIEW

Bcomp Ltd. is a young and dynamic Swiss company specialised in the development, marketing and sales of natural fibre composite solutions for high performance applications. With a background in the sports industry, we are now focusing on establishing ourselves in the motorsports and mobility markets. We develop sustainable lightweighting solutions based on natural fibres in close collaboration with our customers, in a fast-paced and entrepreneurial working environment.

To strengthen its Sustainability team and become a reference in the large-scale mobility market, Bcomp is looking for an intern.

The Sustainability team needs support in preparation ESG report and LCA studies, developing procedures and data collection for the activities. This may involve being assigned to a sustainability implementation development project with important responsibilities and / or smaller supporting tasks for the sustainability team.

MAIN TASKS AND RESPONSIBILITIES

The list below is meant to illustrate the tasks you might be asked to do. It is not fixed and can be discussed with Bcomp depending on your strength and Bcomp's needs.

- Development of the 2024 ESG report: data collection, procedures establishment, redaction of the report.
- LCA and CO2 assessment preparation: data collection, search and rationale of emission factors use, preparation of report for third party review
- Participation in sustainability projects: analysis of ongoing processes to identify areas to improve, supply chain management, renewable energy usage, waste management, circularity, human rights

QUALIFICATIONS AND PERSONAL QUALITIES:

- BSc. (or equivalent) with a reference to sustainability e.g. Industrial Ecology, Environmental Management, Engineering
- Interest and experience in sustainability (ESG reports, LCA, GHG inventory)
- Some knowledge and understanding of ESG reporting frameworks e.g. GRI
- Knowledge of ISO 14040, 14044, 14067 standards

- Some practical experience with LCA or GHG inventories is a plus
- Driving curiosity for independent problem solving
- Able to work autonomously and share relevant information with the team
- Structured way of working with an ability to handle many projects in parallel
- Strong verbal and written communication skills in English. French or German is a plus

ABOUT US

We are a dynamic and international team working in a fast-paced, equal, and entrepreneurial environment. Each person takes responsibility for their work and contributes to a friendly work atmosphere with many laughs and a healthy appreciation for chocolate.
